As Director of the Missouri Department of Health and Senior Services (“Department”), pursuant to Executive Orders 20-04 and 20-19, I am vested with the authority to temporarily waive or suspend the operation of any statutory requirement or administrative rule, upon approval of the Office of the Governor. After consultation with and receiving approval from the Office of Governor, I am hereby waiving the following laws in order to assist the state, and its citizens prepare and respond to COVID-19 until March 31, 2021, unless otherwise modified by the Department.

Exemption from Emergency Medical Services Registration Requirements

Section 190.142.5, shall be waived to the extent necessary to allow Advanced Emergency Medical Technicians, Emergency Medical Technician-Paramedics, Emergency Medical Technician-Basics, and Emergency Medical Responders, who do not have authority to vaccinate individuals with a COVID-19 vaccine within the State of Missouri, to do so under the following conditions:

- (1) Such individual must have previously received immunization training and be allowed to administer immunizations via the intramuscular route in another state.
- (2) Such individual alerts the Bureau of Emergency Medical Services of their intention to administer a COVID-19 vaccine in Missouri and provides their professional credentials.

An individual that possesses the same or similar credentials as one of the listed professions above, but the state where the individual practices uses a different title for such, may meet this requirement with approval of the Bureau of Emergency Medical Services.
