

The Missouri Area Health Education Centers are seeking donations from our partners to help with our inaugural conference:

**Show Me Interprofessional Education (IPE)  
and Collaborative Practice: Moving the IPE Needle**

**Friday, March 25, 2022**

9:00 am – 4:00 pm

ZOOM VIRTUAL FORMAT

Guest speakers from the University of Kansas School of Pharmacy, Saint Louis University School of Medicine, and providers in clinical practice will be highlighting examples of interprofessional practice and education that provides higher quality of care and better prepares future health professionals for the delivery of team-based practice. Healthcare professionals, academic faculty, health professions students, healthcare providers and clinic managers are invited to participate.

We are seeking contributions of \$100 or more from our partner organizations and recognition will be given in the program and throughout the virtual conference platform. Your donations will help us keep conference registration at a minimal cost for attendees.

Contributions can be made out to Northeast Missouri Area Health Education Center and mailed to 312 S. Elson Street, Kirksville, MO 63501. Northeast Missouri AHEC is a 501c3 center so if you would like a confirmation of your tax-deductible donation, please indicate when you send payment.

Please direct any questions to either co-chair listed below. We thank you for your continued partnership with Missouri AHEC and support for this conference as we strive to develop and enhance the access to quality of care by growing and supporting Missouri's current and future health care workforce.

Sincerely,

*Stephanie Taylor*
