139 HOSPITALS | STRONGER TOGETHER

HEALTHPAC is a critical component of the Missouri Hospital Association's advocacy on our behalf. Because each member hospital/health system benefits from the PAC funds raised, it is essential that each member does its part to meet this year's fundraising goal.

GOAL ▶ MHA set this year's statewide **HEALTHPAC goal at \$165,000.**

Please join me in ensuring our **139 member hospitals** are working **stronger together**. I encourage you to make your personal contribution today, and please encourage your team to do the same.

Your Help Makes It Possible

MHA's advocacy is core to the success of its members. Actions taken in Jefferson City and Washington, D.C., influence hospital operations, patient care and community health. MHA works with state and federal lawmakers, regulators, policy experts and media to build an understanding of why hospitals matter to individuals, communities and the state.

Your HEALTHPAC contribution is vital to the success of MHA advocacy efforts on behalf of Missouri's hospitals. HEALTHPAC contributions are used to support candidates for state offices who are strong advocates for Missouri's hospitals and health care.

CANDIDATE CONTRIBUTIONS

HEALTHPAC is a state-registered, nonpartisan PAC that contributes to candidates and elected officials statewide who share our agenda and champion issues of importance to hospitals and their patients. It provides a vehicle through which hospital employees can participate in Missouri's political process.

HEALTHPAC can accept personal contributions. It also can accept corporate contributions, but only from for-profit entities. These for-profit corporations must operate under a valid certificate of authority issued by the Missouri Secretary of State. Limited liability companies that have not elected to be classified as a corporation under federal tax law may contribute to HEALTHPAC, provided they have been in existence for one year and registered with the Missouri Ethics Commissions. Federal law prohibits corporate contributions by not-for-profit, tax-exempt organizations. Public hospitals also are prohibited by state law from making corporate contributions to PACs.

Contributions to HEALTHPAC are not tax deductible. State laws require us to use our best efforts to collect and report certain information about donors.
