2 with the requirements of this section and by reference to any
3 reasonable criteria, including but not limited to

5 provider-enrollee ratios, geographic accessibility, reasonable
6 distance accessibility criteria for pharmacy and other services,

9 available to all enrollees unless a contract holder has agreed in
10 writing to a different or reduced network.

11 2. A health carrier shall file with the director, in a

17 sections of the access plan as proprietary or competitive
18 information that shall not be made public. For the purposes of
19 this section, information is proprietary or competitive if
20 revealing the information will cause the health carrier's
21 competitors to obtain valuable business information. The health

23 by the director to be proprietary, to any interested party upon
24 request. The health carrier shall prepare an access plan prior

8 assuring on an ongoing basis the sufficiency of the network to
9 meet the health care needs of enrollees of the managed care plan;

10 (4) The health carrier's methods for assessing the health
11 care needs of enrollees and their satisfaction with services;

12 (5) The health carrier's method of informing enrollees of
13 the plan's services and features, including but not limited to
14 the plan's grievance procedures, its process for choosing and
15 changing providers, and its procedures for providing and
16 approving emergency and specialty care;

17 (6) The health carrier's system for ensuring the
18 coordination and continuity of care for enrollees referred to
19 specialty physicians, for enrollees using ancillary services,
20 including social services and other community resources, and for
21 ensuring appropriate discharge planning;

22 (7) The health carrier's process for enabling enrollees to
23 change primary care professionals;

24 (8) The health carrier's proposed plan for providing
25 continuity of care in the event of contract termination between
26 the health carrier and any of its participating providers, in the
27 event of a reduction in service area or in the event of the

1 health carrier's insolvency or other inability to continue
2 operations. The description shall explain how enrollees shall be
3 notified of the contract termination, reduction in service area
4 or the health carrier's insolvency or other modification or
5 cessation of operations, and transferred to other health care
6 professionals in a timely manner; and

7 (9) Any other information required by the director to
8 determine compliance with the provisions of sections 354.600 to
9 354.636.

10 3. In reviewing an access plan filed pursuant to subsection
11 2 of this section, the director shall deem a managed care plan's
12 network to be adequate if it meets one or more of the following
13 criteria:

21 accreditation is in effect at the time the access plan is filed;

22 (3) The managed care plan's network has been accredited by
23 the Joint Commission on the Accreditation of Health Organizations
24 for Network Adequacy, and such accreditation is in effect at the
25 time the access plan is filed. If the accreditation applies to
26 only a portion of the managed care plan's network, only the
27 accredited portion will be deemed adequate; ~~or~~

1 (4) The managed care plan is being offered by a health
2 carrier that has been accredited by the Utilization Review
3 Accreditation Commission at a level of "accredited" or better,
4 and such accreditation is in effect at the time the access plan
5 is filed; or

6 (5) The managed care plan is being offered by a health
7 carrier that has been accredited by the Accreditation Association
8 for Ambulatory Health Care, and such accreditation is in effect
9 at the time the access plan is filed.

8 name of the provider. All claims shall be paid within thirty
9 days of the receipt by the insurer of all documents reasonably
10 needed to determine the claim.

11 3. Nothing in this section shall preclude an insurer from
12 voluntarily issuing an instrument of payment in the single name
13 of the provider.

14 4. Except as provided in subsection 5 of this section, this
15 section shall not require any insurer, health services
16 corporation, health maintenance corporation or preferred provider
17 organization which directly contracts with certain members of a
18 class of providers for the delivery of health care services to

5 commercial networks, the offer of reimbursement for unanticipated
6 out-of-network care shall be the amount from the network which
7 has the highest reimbursement.

8 (2) If the health care professional declines the health
9 carrier's initial offer of reimbursement, the health carrier and
10 health care professional shall have sixty days to negotiate in
11 good faith to attempt to determine the reimbursement for the
12 unanticipated out-of-network care.

13 (3) If the health carrier and health care professional do
14 not agree to a reimbursement amount by the end of the sixty day

2 accordance with subdivisions (2) through (4) of this subsection.

3 (5) No health care professional shall send a bill to the

7 3. When unanticipated out-of-network care is provided, the
8 health care professional may bill a patient for no more than the
9 cost-sharing requirements described under this section.

10 (1) Cost-sharing requirements shall be based on the
11 reimbursement amount as determined under subsection 2 of this
12 section.

13 (2) The patient's health carrier shall inform the health
14 care professional of its enrollee's cost-sharing requirements
15 within forty-five processing days of receiving a claim from the

19 unanticipated out-of-network care.

20 4. The director shall ensure access to an external

24 organizations that are not affiliated with insurance carriers or
25 provider organizations.

26 7. When determining a reasonable reimbursement rate, the
27 arbitrator shall consider the following factors if the health

1 care professional believes the payment offered for the
2 unanticipated out-of-network care does not properly recognize:

4 experience;

5 (2) The nature of the service provided;

6 (3) The health care professional's usual charge for
7 comparable services provided;

8 (4) The circumstances and complexity of the particular
9 case, including the time and place the services were provided;
10 and

11 (5) The average contracted rate for comparable services
12 provided in the same geographic area.

13 8. The enrollee shall not be required to participate in the
14 arbitration process. The health care professional and health
15 carrier shall execute a nondisclosure agreement prior to engaging
16 in an arbitration under this section.

17 9. This section shall take effect on January 1, 2019.

18 10. The department of insurance, financial institutions and
19 professional registration may promulgate rules and fees as
20 necessary to implement the provisions of this section, including
21 but not limited to, procedural requirements for arbitration. Any
22 rule or portion of a rule, as that term is defined in section
