HOSPITAL INDUSTRY DATA INSTITUTE
The Data Company of the Missouri Hospital Association

PREMIER REPORTING AND DATA PACKAGES

The Hospital Industry Data Institute's 2018 Premier Reporting and Data Packages include comprehensive, robust data reports on inpatient and outpatient statistics and utilization rates to guide hospital leaders in making informed decisions about strategic planning and marketing, finance, performance and quality improvement. By subscribing to **HIDI's 2018 Premier Reporting Package** and the **2018 Premier Data Package**, your hospital will have access to an assortment of HIDI's most popular data products **at a bundled price**. Packages are available to hospitals participating in the HIDI discharge data submission program.

PREMIER PACKAGE BASICS

- HIDI Analytic Advantage[®] folders will be populated with data and/or reports throughout the year as the data become available. The tables on the following pages outline the anticipated distribution date(s). Data and/or reports will remain in the premier folders until the package expiration on Dec. 31, 2018.
- Data will be removed from the premier folder(s) at the end of the subscription period to prepare for the inclusion of content associated with the following year's subscription.
- Staff from hospitals who do not renew their subscriptions to the premier packages for subsequent years will have premier access removed before the next subscription period.
- The subscription dates will remain January to December, regardless of the month that a member chooses to subscribe.
- Subscribers will have access to complete contents of the package, regardless of the month that a member chooses to subscribe.
- Package pricing will not be adjusted for late subscribers.
- Some Premier Reporting content is now available as interactive reports, accessible on Analytic Advantage[®] PLUS.
