

COMPLIMENTARY MHA MEMBERS-ONLY EVENT

# HOSPITAL INCIDENT COMMAND SYSTEM TRAINING

TWO TRACKS AVAILABLE - OPERATIONS STAFF AND EXECUTIVE LEADERSHIP!

Join us for these learning opportunities focusing on the real-world integration of ICS into the health care setting. These courses have been designed to enhance your understanding of the HICS structure, implementation to manage incidents, and the roles and responsibilities associated — whether operations-focused or executive level. You'll explore real-world scenarios, learn incident command procedures and participate in open discussions.

## Operations Track

*In-person 9 a.m. – 2:30 p.m.*
