

NEW DASHBOARD

Long-Term Care Ombudsman Program Bed and Service Availability Portal and Dashboard

A **NEW** dashboard has been created to help families, hospital discharge planners, facilities and the general public to determine bed availability and services throughout Missouri. Long-term care facilities (all levels of care) are strongly encouraged to complete an electronic survey weekly to report how many beds they have available, and which residents they can serve, i.e., memory care, behavioral health, bariatric, etc.

SERVICES AVAILABLE

Bariatric

BIPAP

Dialysis

Hemodialysis

IV Medication

UNITED STATES

WELCOME TO THE LONG TERM CARE OMBUDSMAN BED AND SERVICE AVAILABILITY DASHBOARD!

This dashboard was developed to help Missouri citizens and stakeholders locate Long Term Care Facilities (LTCF) with bed and service availability and provide contact information for those facilities.

LTCF voluntarily report data weekly and are not required to report this information. Only those participating LTCF will be represented on the map.

If you are a LTCF and would like to complete our survey and be added to our dashboard please complete the survey [HERE](#).

Watch the tutorial for help with using the dashboard. If you have questions please contact LTCOmbudsman@health.mo.gov.

BED AVAILABILITY

Facility	Behavioral Health	COVID Isolation	Memory Care	Medicare	Medicaid	Private Pay
----------	-------------------	-----------------	-------------	----------	----------	-------------

This is a great opportunity to share what your facility has to offer!

Survey Link

The survey can be found by accessing the Dashboard link on the Long-Term Care Ombudsman website at: Health.Mo.Gov/seniors/ombudsman. A video to learn how to navigate the dashboard is also available on the website.

Questions?

If you have questions about the survey or dashboard, please contact the Long-Term Care Ombudsman Program via email LTCOmbudsman@health.mo.gov or call 800-309-3282.
